

ASSOCIATION DES PROPRIÉTAIRES
DU LAC GAGNON

LE REMOUS - AGM SPECIAL EDITION

After three years we can finally hold our Annual General Meeting on the date specified in our by-laws, the Sunday of the Canada Day weekend. Come join us on **July 3rd at 9:00 a.m. at the Duhamel town hall.**

The meeting will be in person only. It will be an opportunity to share information and discuss issues which are important to all of us. Please be sure to attend and help us recapture that “pre-Zoom energy”.

Here are the program highlights. The agenda will follow shortly.

- Meeting with David Pharand, Duhamel Mayor, followed by a question period.
- Mining development at our door.
There is a lot of activity in this issue. You’ll find out more about progress in the La Loutre project (3rd drilling campaign underway and mine plan) as well as the status of the Regroupement de Protection des Lacs de la Petite-Nation’s regional mobilization.
- Lac Gagnon health check and integrated study.
The study is underway and the Organisme des bassins versants (OBV) made a first visit to the lake as part of this project that is slated to last one year. This first visit has already brought to light some interesting information we were not aware of.
- The critical issue of invasive plants.
There are invasive plants all around our lake. Can we avoid them?
- High-speed internet.
How soon can we expect high-speed internet?
- We will recap topics such as the navigation zones, fishing and others.

Lastly, you can elect the Board of Directors for the coming year.

You will also be able to arrange for drinking water tests, prices and details to be available soon.

We look forward to seeing you.

Your Board of Directors.

Board of Directors

2022

Louis St-Hilaire, President
